Induction of liquid, no contact

# SOAP DISPENSER

No contact and more sanitary

0.25 second discharge

Auto-sensing

Mute noise reduction

2200ml High Capacity

USB charging

Contact Free

Waterproof design

Dry cell

# Automatically sense the liquid, no need to press

Sensing distance 5~10cm, quick liquid discharge in 0.25 seconds

Four grooves can be hung on the wall

The whole body is waterproof

No water

Inhibit bacteria

The whole body is waterproof

No water

Inhibit bacteria

## Effectively inhibit daily bacteria

Washing hands frequently and maintaining hand hygiene are the basic, simple and effective means to effectively prevent and control the spread of pathogens, thereby reducing the incidence of infection

## 2200ML large capacity

2200ML large-capacity bottle body, longer use, convenient for multiple people to use; eliminating the trouble of frequent liquid changes

Big body, no installation

Splash water

Safe material

# Intelligent sensor dispenser function location

## Instructions for use

1. Use the accessory hook to wash the phone hanging on the wall

2. Rotate the top groove button to open the phone washer cover

3. Pull off the cap of the water pipe, the water bottle can be filled with 2200ml of liquid; please press the pump head a few times to expel excess air for the first use

4. Use 4x1.5V "AA" AA batteries for power supply, and the battery installation position is as shown above

5. Turn on the switch, as shown in the figure; the function of switch three gears is as shown in the figure above

6. Reach under the washing phone; no need to touch, sense the liquid, the sensing distance is 5~10cm
