

02 O-leading:

02 O-leading PCB manufacturing process. We are a professional PCB manufacturer with 16 years of experience. We provide a wide range of PCB services, including design, fabrication, and assembly. We are ISO9001:2015 certified and have a strong reputation for quality and reliability. We are located in Shenzhen, China, and have a global network of customers. We are committed to providing the best service and quality to our customers. We are a professional PCB manufacturer with 16 years of experience. We provide a wide range of PCB services, including design, fabrication, and assembly. We are ISO9001:2015 certified and have a strong reputation for quality and reliability. We are located in Shenzhen, China, and have a global network of customers. We are committed to providing the best service and quality to our customers.

COPPER PLATE HOLES MINIMUM .025 AVG .020MIN .. HOLES MAY NOT NOT PLUGGED
