

Desired to O-master:

We are a **professional manufacturer of printed circuit boards** with a decade of experience. The product range is single-layer, double-sided, multi-layer printed circuit board, flexible printed circuit board and MCPCB. we can provide a quick prototype service - S / S in 24 hours, 4-8layers in 48-96 working production time.

COPPER PLATES HOLE MINIMUM .025 AVG, .020MIN .. HOLES CAN NOT BE PROHIBITED

Packaging with colorless transparent bubble film, 25PCS / bag, put the dehumidifier on its side, put the humidity indicator card on the top side

Place of origin	Guangdong China (Mainland)	Brand name	O-Leading
Basic Material	FR-4, aluminum	Copper thickness	0.5oz-5oz
Minimum Hole Size	0.2mm	Minimum Line width	0.2mm
Surface treatment	immersion gold, OSP, lead-free HASL	Board thickness	0.1-5mm
applicable to	led, mobile phone, air conditioning, laundry cars	character	Industrial control of pcb
certificates	ISO9001, UL, RoHS, SGS	Q / CTN	10pcs-100pcs
the weight	0,01 kg-5 kg	MOQ	10 pieces
Colour	blue, red, green, black	Minimum Line spacing	0.2mm
Model number	pcb power supply	price	\$ 0.1- \$ 10
design type	customer requirement	size	0.01m3-10m3

Packaging & Delivery

Packing details	16-year professional PC board for PCB manufacturer
Delivery detail	7-12days
